And the foothill line of the Southern Pacific surveyed half a mile further north--School Buildings and Churches to be erected at once--A portion of the purchase money to be devoted to School and Church purposes.

A FINE VIEW OF THE SAN GABRIEL VALLEY

To the west and the SANTA ANA VALLEY to the east.

THREE SALIENT POINTS:

No. 1--Artesian water is found under 200 acres of the townsite at a depth of from 75 to 150 feet.

No. 2--Pure, Cold, SOFT WATER is found under the whole tract at from 8 to 35 feet depth.

No. 3--Mountain water is brought in from the celebrated Indian Hill artesian wells in iron pipes under 100-foot pressure.

Among the coming towns of Southern California, none are laid out with a view to future growth and prosperity, on a grander scale, or in a more beautiful locality than LORDSBURG, Los Angeles county.

LORDSBURG is located on the Atchison system of railroads--the Los Angeles and San Bernardino line--four miles northwest of Pomona, in a most beautiful portion of the valley, which is as level as a floor over the entire tract, which is a mile square. Through trains will run over this road probably by the 20th of April. The Southern Pacific Railroad Company are now surveying a line from Ramona (Shorb's Station) past the Raymond Hotel and thence along the foothills above the Atchison road to San Bernardino, and probably thence to connect with the main line after going through the East San Bernardino Valley. Thus LORDSBURG will at once have one line of railroad, and within a few months it will have a second.

No Lots will be sold at LORDSBURG until the day of sale, which will be announced hereafter. From this rule there will positively be no deviation. The price of lots will be scheduled at popular prices, and the lots will be sold at these prices. The choice of location will be sold at auction, and the money paid for this choice will go into an improvement fund, which will be devoted to the building of schoolhouses, churches and other public improvements, the details of which will be more definitely announced hereafter.

On the day of sale, which will be duly and extensively advertised, there will be a grand excursion from Los Angeles, and another from Riverside and San Bernardino, over the new line of road, at prices as low as can be had.

It is the intention of the proprietors of this tract to make the coming sale of lots at LORDSBURG the crowning act of the season in real estate operations, and to this end a crowd of people will be gathered on the day of sale. But ample accommodation will be provided for their comfort, so that every one will enjoy the day.

The best business men of Los Angeles look upon LORDSBURG as the coming town of the interior, and are making arrangements to invest accordingly. A large number of business men stand ready to commence active building operations immediately after the sale, with a view to converting the lots into valuable property. The town is now being platted in a surveyed, and in a few days more particulars of the sale will be publicly announced.

I. W. LORD, Manager.

The County Assessment.

We clip the following from the Times of Sunday last:

L. C. Morehouse, a member of the State Board of Equalization, is in this city looking after the assessments of property in this section of the county, in company with J. T. Gaffey, also a member of the Board, and a resident of Los Angeles.

Mr. Dunn, Mr. Morehouse was seen by a Times reporter last night, and questioned regarding the assessments of this county as compared with other counties.

"Of course, I have not yet had time to thoroughly examine the matter," said Mr. Morehouse, "but I am satisfied from what I have seen that the assessments in your city and county have not kept pace with the wonderful increase in prices. For instance, the Baldwin ranch is assessed at \$80,000, and I find that the same state of affairs exists in the city. All we want is to see things equalized, and now that you have a Republican in the County Assessor's office, I anticipate a big change in the next assessment roll. We shall be here a few days longer, when I will go to San Diego and see what they are doing for the welfare of the State in that county."

From this it would appear to be the opinion of the Times and Mr. Morehouse that it is only when we have a "Republican in the County Assessor's office" that we may expect a fair assessment. Now, the only fair way in which to judge an Assessor's work is by the number of appeals from his assessment to the Board of Supervisors. Unless the assessment is fair and equal there will be many appeals to the Board. Where thousands of men are assessed many are sure to ascertain whether they are fairly dealt with by the Assessor, and if they are not, an appeal follows. Now, what are the facts? Mr. Bilderrain is a Democrat, and was our Assessor for the four years past, and during these years appeals from his assessments were unknown; but from present indications the appeals against this year's assessment will be so numerous as to occupy a month or so of the time of the Board of Supervisors.

Last year the State Board of Equalization considered our assessment a fair one and did not raise it.

We notice in the above extract from the Times that "Mr. Morehouse was questioned by a Times reporter regarding the assessments of this county as compared with other counties." We also notice that Mr. Morehouse was silent upon the question. It is our opinion that we have been for years assessed at a higher pro rata of values than in any other county in this State. Mr. Bilderrain, during his term of office, was at great pains and expense to ascertain the values put upon lands by the Assessors in other counties; and in assessing this county he was guided to a certain extent by the knowledge so obtained. This was the proper course for him to have pursued. Taxation should be equal upon all; and the nearer all Assessors in the State assess on the same basis of values, the nearer we come to equal taxation. As far as county taxes are concerned, it would make no difference to us if we were assessed over or under values, if we were all equally assessed. But when it comes to State taxes, if we are assessed higher in proportion to the other counties in the State, it follows that we pay more than our share of these taxes. We hear complaints from all quarters of the county against the values being put upon land by the present assessor and his deputies. In some instances they are said to be altogether too low; and from a great many, especially the owners of dry mesa lands, come complaints that the Assessors' values are from 200 to 400 per cent. higher than they should be. We understand that our Assessor has stated that he will not take into account how lands are being assessed in other counties; and we have heard it stated that our assessment will be more than double, perhaps three times what it was last year. Under this state of affairs it will follow, unless we get relief from

the State Board, that we will pay from \$400,000 to \$800,000 more than our just proportion of State taxes. What relief we may expect from the State Board of Equalization can be judged from our former applications to them. It is very hard to convince these men, in the face of what they know Assessors in other counties do, that an Assessor will deliberately put too high a value upon property. Whether the good people of this county will consider half a million dollars excessive taxation as too high a price to pay for "having a Republican in the Assessor's office" remains to be seen.

Let us compare the assessments of a few other counties of the State with that of Los Angeles. The report of the State Board of Equalization for 1885 and 1886 lies open before us, and for the benefit of our taxpayers we make a few extracts from that report. Schedule B shows percentage of increase or decrease in the assessments of 1886 over or under the assessment of 1885 in the different counties in the State. We select none but the wealthiest counties to compare with Los Angeles:

The increase in Los Angeles county was \$4,747,337, or nearly five millions of dollars. The decrease in the rich county of Colusa was \$550,181, the decrease in Contra Costa was \$444,137, the decrease in San Joaquin was \$3,846,234, the decrease in San Mateo was \$742,098, the decrease in Stanislaus was \$931,898, while in Sacramento county the decrease was nearly three millions of dollars, or over ten per cent. of her entire assessment. Now what did the State Board do towards equalizing the values between these counties? Sacramento and all the other above named counties were allowed to retain the above reductions, while Los Angeles assessment was raised nearly seven millions of dollars, making the total increase for the year nearly twelve millions of dollars.

Let us examine this report a little farther. It contains interesting reading for Los Angeles taxpayers. In San Mateo county, where are the immense breeding farms of Governor Stanford and others, the Assessor found 468 thoroughbred horses in this county, which he assessed at \$66,280. The San Mateo Assessor found 896 American horses in his county, while our Assessor found 4,083! San Francisco was assessed for 12,228 horses of all grades, while we were assessed for 14,462. Los Angeles was assessed for 223 thoroughbred cows, while Marin and San Mateo counties together were only assessed for 214, while every one knows that there are fifty thoroughbred cows in these counties to one here. R. G. Sneath's famous Jersey dairy and D. O. Mill's Mill Brae dairy are in San Mateo. Los Angeles was assessed for 173,371 graded sheep, while San Mateo was assessed for 1320. The wealthy and thickly settled county of San Mateo gives in 172 pianos against 1,207 for Los Angeles, and is assessed on furniture \$178,540 as against \$385,347 for Los Angeles. The figures in the entire report prove that our assessment has been for many years proportionally higher than that of all the northern counties in this State.

Shall we become a City?

It is manifest destiny that Los Angeles is to be a place of very large proportions. The city has grown from an adobe hamlet to a town of 60,000 souls in much less than a decade. This increase of numbers is to go on. Fate could not arrest the influx of people to this center. In another decade or thereabouts look to see 200,000 dwellers in the Angelic City.

Numbers do not necessarily make a city. The modern conception of the term calls for more than a vast concourse of people to define its meaning. The city is a congeries of civilized beings. The comforts and conveniences of modern days, the intelligence, manners and refinement of the age go to make up a city in very deed.

The question is, shall we have these concomitants of a great city as well as its mere numbers of human atoms? The wealth to make a city is here, and will greatly increase with the natural growth of the place. Shall that wealth be unused as the barren, useless hording of a miser, or shall it be used as the "tokens" of a great people's wealth and humanity?

As this growth in numbers and wealth goes forward, there is much to do to put on the habiliments of a queenly city. Millions of money would not benefit an individual if he sits all day in rags and dwells in squalor. It is the same with a collection of people as it is with the individual. The city will not be a city unless she clothes herself as becomes her rank and station. This will call for streets of proper width to accommodate with comfort the currents of business, and the ebb and flow of the people's moving tides as they pass through our thoroughfares. This will demand also proper sidewalks in front of our offices, stores and homes; and properly paved streets, smooth, firm, clean—in a word passable at all times of the year. It will also include a proper system of sewerage to remove the waste incident to our congregated life. Plenty of pure water to cost the lowest amount per capita is another necessity to a city of large pretensions; and light is almost as necessary as water to the perfect well-being of a city.

These will not grow like the grass

upon the hills after a warm spring rain. It will require a large expenditure of money wisely laid out with energy and foresight. We shall not be able to go on forever collecting rents and putting them all into our pockets. Many happy ventures have been made in the real property of Los Angeles. The usufruct from such investments is in many instances enormous. We must make up our minds to take a month's rents now and then and put them back into the property in such a way as will hedge our investments, and still further enhance their values. This will be beat done in clothing our queenly city in such garments as befit her station among the cities of the land.

The City Engineer has submitted a report to the Council touching the most important of these matters—the sewerage system. Let us hope it will soon culminate in better results than mere talk. Let something be done. We note with gratification at least two good points in this report—the sewage is to be utilized to irrigate some of the incomparable land near the ocean, and provision is to be made for a city of 200,000 souls. The glance is none too high for our future city. The figure will be closely reached by the end of the century, now so near its end. The rich lands along the sea coast will be made to yield superabundant crops when fertilized by the waste of this great city.

If there is a man in this community who has well earned success, that man is the able and courteous editor of our contemporary, the *Sued-California Post*, the organ of our fellow-citizens who speak the German tongue. Mr. Conrad Jacoby has labored with persistency, wisdom and energy, and as might be expected his efforts have been crowned with an abundant success. The result is that his paper, heretofore published as a weekly now appears as a daily, full fledged, packed with news local and otherwise, and ably edited. We wish our contemporary all possible success in this new departure.

Burbank.

Owing to the large sales and great demand the price of lots in Burbank will soon be advanced again, as the buildings, improvements and location justify double the present prices, which are still lower than the surrounding towns of not half the advantage or importance as a suburban foothill home to Los Angeles. Its commanding view, on the through line of railroad, only fifteen minutes ride, is second to none in Lower California.

SELECT KNIGHTS.

Election of Officers for the Following Year.

PARADE IN THE EVENING.

An Entertainment at Armory Hall and a Banquet End the Session.

The delegates of the various Legions of the Select Knights, A. O. U. W., met yesterday morning in joint session for the purpose of transacting the regular annual business of the order. This branch of the order is too young yet to have enough business to occupy many days and the election of officers for the coming year was reached before noon. Reports from the various officers showed a large increase in membership during the past year and the indications were considered good for an increased enlargement of the Legions during the coming year. The principal business of the session was the election of officers for the ensuing year. A large number of those who have served to the great satisfaction of all the members were re-elected and the list of those so elected shows that the official positions will rest in good hands. The election resulted as follows: Grand Commander, Samuel M. Shortridge (re-elected); Grand Vice Commander, J. T. Carothers; Grand Lieutenant Commander, J. D. Vagan; Grand Marshal, J. B. Mack; Grand Recorder, C. E. Alden; Grand Treasurer, T. B. Bueby; Grand Standard Bearer, E. Brackley; Grand Senior Workman, J. B. Dougherty; Grand Junior, J. F. C. Johnson; Grand Guard, A. Davis; Grand Medical Examiner, Dr. F. W. Harrison (re-elected); Grand Trustee, for three years, G. A. Garthorne. After the election, a recess was taken until four o'clock when the officers elected were installed. Past Grand Commander, Al. Cobler officiating. The Grand session then adjourned sine die.

EVENING EXERCISES.

About half-past 7 the delegates to the session met in front of the Grand Opera House on Main street, and at 8 o'clock they formed in line and marched to the Plaza on Main, counter-marched to Temple street, on Spring street to Third, to Main, to Armory Hall, where the line disbanded. Anticipating the parade, a large number of the citizens came down town and the sidewalks were crowded. The uniforms of the Knights showed to great advantage, especially when passing through the lightest portion of the streets; and while the line was not very long, it more than made up in appearance what it lacked in numbers. Young as the order is, the Knights marched in a manner which would have reflected great credit upon older organizations of a like character. When the parade had ended the Knights went into Armory Hall, where many ladies and friends were already seated, waiting for the literary and musical entertainment to commence. The Seventh Infantry band, which had led the procession, was in attendance, also, and opened the programme with an overture. This was followed by a duet, "Fisherman," by Mr. and Mrs. F. B. Fanning. Their rendition of this popular piece of music called forth a shout of applause. The programme was followed by Grand Commander Samuel M. Shortridge who replied to the address of welcome in very flattering terms. He thanked the hosts for their kindness to himself and brother Knights and praised the country and the city. In his opinion Los Angeles is a rival of San Francisco in more ways than one, and the latter city must look out for her laurels will be plucked from her brow, and placed on the "Queen of the South." His remarks were received with a great deal of enthusiasm. He was followed by a quartette entitled "Moonlight," sung by Mr. and Mrs. F. B. Fanning, Mrs. A. Nesbitt and Mr. Loeb. Upon the conclusion of this short but pleasant entertainment the Knights with the invited guests proceeded by the band, marched to the Central Restaurant where a banquet had been prepared.

THE BANQUET.

In honor of the occasion the banquet hall had been decorated very artistically and attractively. At the head of the large dining room in crimson geraniums was the word "Welcome," surrounded by a bright green border. The many paintings on the walls were draped with flags, and on the three long tables were numerous flowers. These tables presented a very inviting appearance with the var-colored decorations, and the delicate dishes which had been prepared. Shortly after 11 o'clock the guests arrived and marched into the hall to the music of the band, which played at intervals during the evening. The appearance of the dining room when the ladies with their light colored dresses and the Knights with their bright uniforms were seated at the tables, was very pleasant, and it was evident that the evening would never be regretted by any who had the good fortune to be present. The Grand Officers were seated at one end of the hall and after them were the invited guests, while at intervals were other members of the Legions. The service of the tables was to be praised and there were no long waits between courses as often happens on occasions of a like character. After the guests had seated themselves, the toasts were commenced and the last had been responded to before eleven o'clock. The toasts were as follows: "Charity," responded to by J. C. Oliver; "Hope," responded to by G. M. Garthorne; "Protection," responded to by J. T. Carothers; "Alameda," "Industry," responded to by A. F. Mackay; "Union," responded to by Robert Sharp; "The Ladies," responded to by C. E. Alden, and the "Good of the Order," responded to by S. M. Shortridge, Grand Commander. THE NAIL FACTORY.

A Meeting to be Held To-Night to Consider It.

The commercial prosperity of the city will be materially advanced by the erection of a nail factory and rolling mill. Let all our business men attend the meeting at the Board of Trade rooms to-night and listen to Mr. Geo. P. Clapp on this subject. The facts and figures to be presented by Mr. Clapp will show that a first-class, thoroughly-equipped nail factory and rolling mill, if built and operated here, will be a heavy dividend to the city. The meeting will be called to order at 8 o'clock, and Mr. Clapp will enlighten the people on the subject of nail-making. Let our business men and capitalists attend. There should be a nail factory and rolling mill in Los Angeles.

The Illustrated Herald.
A full supply of the ANNUAL HERALD is now on hand. Newsdealers and others should avail themselves at once to send to their patrons. No better evidence of Southern California's advantages could be sent to Eastern friends.

News Notes.
There will be a Unitarian social at Armory Hall on Thursday evening.
Sheriff Keys has appointed W. H. Russell, of Downey City, Deputy Sheriff.
The full page advertisement of the beautiful Magnolia Tract appears in the HERALD to-day.
The cases of Weil vs. Nux; Weil vs. Lopez, and Weil vs. Stafford, are set for trial on June 27th in the United States Supreme Court.

K. Herman put up the handsome clock for L. Harris & Co., on the corner of Temple and Spring streets. He says that when regulated, the clock will keep the best time on the coast.

The Central Baptist Church concert to be given at the Trinity M. E. Church, on Fort street, near Fifth, is an assured success, as the tickets for the same are rapidly selling. A fine array of musical talent has been secured. The programme will be published in the daily papers soon.

The Ballona Harbor continues to attract the attention of manufacturers. In addition to the large mill factory about to be built there, it is said that B. F. Porter, E. N. MacDonald and D. Freeman intend to build a large flouring mill at La Ballona, with all modern improvements.

The new base ball grounds at Santa Monica will be opened next Sunday afternoon by the Peck & Ruggles and the Santa Monica nines. Mr. Tobin, the proprietor, has spared no expense and will open to the public one of the finest ball grounds in California. A band of music has been engaged and will play during the afternoon.

Judge T. J. Deput was arrested yesterday afternoon and was registered under the name of John Doe at the city prison. There was no charge placed against him, but as he had been taken from a saloon in a stupid state it was evident that he had imbibed too much of the potent. This is the second time he has been inside the prison walls this week.

The Gladstone Improvement Company will to day file suit against the Times-Mirror Company, laying damages at \$50,000. The suit is the outcome of articles published in the Times calculated to cast a cloud on the title of the new town of Gladstone. The proprietors of that eligible town site feel that they have a legal title to the land and are disposed to defend it.

The work of improving North Main street, near Chavez street, that was promised a long time ago, has not been yet begun. This street is in the center of the city, and should be improved at all attention to these things, and attention is called. Until this street is opened there will be no street through the city from north to south.

The managers of the Orphan's Home are obliged to enlarge their buildings. Before doing so they wish to have the advice of all who are interested in this work whether it is best to build on the present site or to secure more land farther from the business part of the town. For this purpose they will hold a public meeting in the lecture-room of the Presbyterian church, corner of Second and First streets, this evening at 7:30 o'clock. All who are interested are urged to come.

Personal Mention.
Judge J. B. Banning, of Wilmington, is at the St. Elmo.
Mr. E. J. Baldwin returned yesterday from a trip to San Francisco.
Hon. J. DeBarth Shorb, of San Marino, is at the St. Elmo. He is now Jury Commissioner for the United States District Court.
Madame Demorest, the well-known publisher of fashion plates and news, left yesterday by the 1:30 P. M. train for San Francisco.

LITTLE ALMA.
M. Porter Ashe to Arrive Early This Morning.

Nothing of importance transpired in the contest between Mr. and Mrs. R. Porter Ashe for the custody and possession of their child, Alma A. Ashe, beyond preliminary preparation by the large array of legal talent which will take part in the proceedings before Judge Gardner this morning. The child is still in the possession of the Sheriff and was seen yesterday at the Crocker residence. This morning the Sheriff hopes to be relieved of all responsibility when he turns her over to the Court at 10 o'clock. He has been very watchful over her, and has taken the greatest pains to see that nothing could happen to her which might interfere with the order of the Court. R. Porter Ashe will arrive on the early train from Sacramento this morning, and it is understood that he has secured quite a number of witnesses material to his side of the question. The following telegram was received by Mr. Damon yesterday afternoon, and would indicate that he has concluded not to abandon his case: "To Shaw & Damon, Los Angeles: Leave on morning train for Los Angeles, unless prevented; must fight now; have secured evidence."
(Signed) R. P. ASHE.

The contest was the subject of much discussion yesterday, and there is no doubt that the court-room will be overcrowded this morning with those who take an interest in the affair as well as those who are connected with the case, and it appears that there is an equal interest taken in San Francisco and Sacramento, where both parties are well known. It is hardly probable that the matter will be finished in one day, unless one of the parties withdraws.

Half-acre lots, pure artesian water, splendid soil; even surpassing that of Pasadena, and on a level avenue from the city, without hill or ravine, flooded river or rocky cañon to obstruct the drive. STRAY GIRLS' HOME.

Another Gentleman Contributes to the Good Cause.
A gentleman at Orange who is filled with the milk of human kindness, sends the following letter, which explains itself:
ORANGE, May 2, 1887.
EDITOR LOS ANGELES HERALD.—Enclosed please find my check for \$50 for account of Stray Girls' Home—The unfortunate class who, in the beginning, are so much more, as a rule, "sinned against than sinning."
I regret I am not able to duplicate the broadest liberality displayed by any of those whose examples, both in spirit and amount, are so worthy to be followed by any who are able financially. It seems to me this cause, pre-eminently, almost above all others, appeals to our broad-minded benevolence and that Christian charity "which covereth a multitude of sins," and that whoever contributes to it will not only realize that innate peace of conscience born of a purely good act, but may look forward and higher with absolute certainty of finding it credited on account on that day when "God shall bring every work into judgment with every secret thing whether it be good or whether it be evil."
Very respectfully yours,
JESSE H. ARNOLD.

LEWIS BROS., SHOE DEALERS.
883!
The Winning Number that Drew Lot No. 17, Block A, Lewis Tract, Garvanzo.

JACQUES LEVY,
Occupation, Butcher, Residence, Sainsevain Street
the Lucky Man!
To WHOM IT MAY CONCERN.
THIS IS TO CERTIFY that I held the winning number—883—in the Lewis Bros' drawing of April 20, 1887, that took place in Turn Vercela Hall, for one of the lots in the Lewis tract, Garvanzo, said lot being bounded and described as follows, to-wit:
On the westerly line of Lewis street and known and designated as lot No. 17, in block A, on the map of Lewis tract, and known and designated as lot 17, block A, on the map of Lewis Tract in Garvanzo, Los Angeles county, State of California, as the map of said tract, recorded in Book 12, Page 34, of Miscellaneous Records of said Los Angeles county, to which map reference is hereby made for further description.
(Signed) JACQUES LEVY.
Occupation, butcher; residence, Sainsevain street, Los Angeles, Cal.

To Whom it May Concern.
WE, THE UNDERSIGNED, HEREBY CERTIFY that the drawing for lot 17, block A, Lewis Tract, Garvanzo, took place Saturday evening at 8 P. M., under our sole control and supervision, and that the said drawing was honestly and fairly conducted in every respect, and that Ticket 883, being the winning number, is entitled to the above mentioned lot.
W. A. FIELD,
JOHN ROBSON.

All diseases of the respiratory organs treated by the most improved Medicated Inhalations, combined with proper constitutional remedies for the liver, stomach, blood, etc.
Probably no system of practice ever adopted has been so universally successful as that introduced by Dr. Williams for the cure of Catarrh, Throat Diseases, Bronchitis, Asthma, etc.
Over 75,000 cases treated during the past twenty years for some form of head, throat or lung trouble.
The following is a sample of the hundreds of flattering testimonials given:
LOS ANGELES, Cal., Sept. 24, 1886.
DR. M. HILTON WILLIAMS:
Dr. Sir—I have been contemplating for some time past making a statement of my case and the benefits I have derived from your treatment, remembering how glad I would have been to do so to some one something of the kind from a person in the city to whom I could have referred when I first came to Los Angeles from my home in New York State.
I had been suffering for several years with what various physicians in the East pronounced "chronic ulcerated laryngitis." I spent considerable time at the Clifton Sanatorium, and employed the best medical skill I could find, all without any permanent benefit, and as a last resort, our family physician recommended Los Angeles. For a time I improved, and then I began to go backward, and all my former symptoms returned.
Through a medical friend I was induced to try your treatment, which I did August 29, 1886. I became very much discouraged at this, but persevered, as I felt almost desperate and knew of nothing else to do. My throat trouble being aggravated by a serious stomach difficulty, made it very difficult to deal with. But at last after persevering for a time with the use of your remedies, I consider I am permanently cured. It is a relief of any value to you, you are at perfect liberty to use it; also to refer any one to my mother, my husband or myself.
Very truly yours, MRS. J. D. WILSON.
821 Olive St., Los Angeles, Cal.

To the many testimonials won by Dr. Williams it gives me pleasure to add my own to the list as a highly in his favor. For nearly two years I had been suffering from throat and lung trouble, brought on by catarrh. Had tried many remedies in the meantime, but found only temporary relief. After two months' treatment, prescribed by Dr. Williams, my condition was altogether, and I now have no pain in my throat or lungs as formerly. I cannot speak too highly of the benefits I have received, and shall ever be grateful to one who is worthy of the highest recommendation.
MISS MINNIE H. HARRIS.
Riverside, Cal.

From Rev. L. R. Fiske, D.D., formerly pastor of the Central A. B. Church, Detroit, Mich., and editor of the Christian Register, Detroit, Mich.:
DR. WILLIAMS—DEAR SIR: I am glad to add my testimony to the efficacy of the treatment you have so kindly and so successfully given me. I was afflicted with a severe case of catarrh of the throat and lungs, which was brought on by a severe cold in the spring of 1877, my son, then at the age of twenty-three, was suffering from a severe attack of the bronchial tubes and lungs, as to be compelled to keep his room, and the most of the time his bed. Within the space of two weeks he experienced about twenty hemorrhages, from which the ordinary remedies afforded but temporary relief. I applied to you who supplied him with healing medicines, which effected an immediate arrest of the bleeding, and which has since occurred since he began the treatment.
L. R. FISKE.
From Rev. John Russell, formerly pastor of the Sixteenth Street M. E. Church, Detroit, Mich., afterwards presiding elder of the Michigan district of the Methodist conference of the M. E. Church:
M. HILTON WILLIAMS, M.D.:
My Dear Sir: Somewhat over a year ago my son, Wm. A. Russell, then in his first year, had two violent attacks of hemorrhage of the lungs, none of which he had since. He had a very low vitality, and was followed by extreme prostration and nervous debility. In return to my judgment and to that of others who knew him intimately, his symptoms indicated a rapid decline and an early death by pulmonary consumption. But under your treatment he has so far recovered as to be able to labor as usual. I attribute his improved condition to the treatment you have given him, and to the professional service a blessing to many others who are similarly afflicted. I am, Yours very truly,
JOHN RUSSELL.
